Wed

8:00 AM - 12:00 PM	**MGT 418 Readiness: Training Identification and Preparedness Planning** Please note: This is a 3-session course. You must attend all three sessions to complete the course. Readiness: Training Identification and Preparedness Planning teaches participants how to create effective training plans for their agencies and jurisdictions using an approach that includes the whole community. By evaluating their abilities to meet their emergency operations plans (EOP) using traditional and national preparedness tools, participants can answer the following critical readiness questions: •How prepared do we need to be? •How prepared are we? •How do we prioritize efforts to close the difference?
