Step 4: Estimated Impacts and Desired Outcomes

Mitigation	Definition:	Mitigation includes those capabilities necessary to reduce loss of life and property by lessening the impact of disasters. It is focused on the premise that individuals, the private sector, communities, critical infrastructure, and the State as a whole are made more resilient when the consequences and impacts, the duration, and the financial and human costs to respond to and recover from adverse incidents are all reduced.
Response	Definition:	Response includes those capabilities necessary to save lives, protect property and the environment, and meet basic human needs after an incident has occurred. It is focused on ensuring that the State is able to effectively respond to any threat or hazard, including those with cascading effects, with an emphasis on saving and sustaining lives and stabilizing the incident, as well as rapidly meeting basic human needs, restoring basic services and community functionality, establishing a safe and secure environment, and supporting the transition to recovery.
Recovery	Definition:	Recovery includes those capabilities necessary to assist communities affected by an incident in recovering effectively. It is focused on a timely restoration, strengthening, and revitalization of the infrastructure; housing; a sustainable economy; and the health, social, cultural, historic, and environmental fabric of communities affected by a catastrophic incident.

Reference the "Alaska Assessment Guidebook" for more information on completing the Community Preparedness Report.

Directions:

This section is equipped with drop-down boxes anywhere it states, **Choose and item**. Click on the words choose an item to activate the drop-down box. Select the most appropriate answer for each capability in the POETE activity.

Narrative boxes **do not** contain the words **Choose an item**. If applicable, provide details that help support your selected level in each POETE category.

Transfer (cut and paste) the **Desired Outcome** from the previous section to help guide the levels selected for each capability.
