(Significant changes from previous situation reports are red.)

Significant Issues:

Wrangell Landside Disaster:

Double lane emergency access routes opened through the slide with electrical power has been restored to southside residents. Wrangell Police continue to conduct a limited access schedule for residents on either side of the slide. Emergency response and recovery operations continue in coordination with debris removal and reactive search operations. State Individual Assistance Hotline and website is open for residents of Wrangell and Coffman Cove who have experienced damages to their home or have eligible personal expenses that are a direct result of the landslides. Light Detection and Ranging (LiDAR) is being used by Division of Geological and Geospatial Survey (DGGs) to assess slide stability and safety.

Prince of Wales Island, including City of Klawock and City of Craig:

SEOC has deployed a Division Supervisor to Prince of Wales Island today to assess damages and coordinate state-level support to affected communities.

Diomedede – Potential Building Structural Collapse

SEOC continues to work with the City of Diomedede, Bering Strait School District, Kawerak, DOT, ANTHC and DEC to evaluate any potential impacts from the building collapse.

State of Alaska Department of Health (DOH)

The DOH stands ready to assist with all aspects of public health and in the event of a public health emergency, supported by the SEOC and other state departments as required. For current information, see:
