Significant Weather:

The following Flood Warnings are in effect:

- **Yukon Delta** – Ice jam flooding continues for communities of Emmonak and Alakanuk along the Yukon River and Delta through **6:00PM Wednesday**.
- **Stevens Village** - Flooding of low-lying area is occurring. Some roads are inundated with water, including over a foot or more of water over the airport access road. Homes and other structures in lower parts of the village may have water surround or flood them through **6:00PM Thursday**.

The following Flood Watches are in effect:

- **Central Interior; Middle Tanana Valley; Deltana and Tanana Flats; Upper Tanana Valley and the Fortymile Country; Denali; Eastern Alaska Range** – The Salcha River: Excessive rainfall runoff may flood low lying areas on the Salcha River which could cause water to encroach onto property and around prone cabins. Expect increased debris in the river and possible increased erosion from 10:00PM this evening through Thursday evening.

The following Special Weather Statements are in effect:

- **Northeastern Brooks Range** – Snow Wednesday through Friday.
- **Middle Tanana Valley; Deltana and Tanana Flats; Upper Tanana Valley and the Fortymile Country** - Rapid River Rises for Eastern Interior Rivers into Friday - Moderate to heavy rain showers will continue across parts of the Interior through Wednesday evening. Periods of rain will result in an area of 0.5 to 1.25 inches of additional accumulations in the Fortymile Uplands and Salcha/Goodpaster/Chena River Basins through Wednesday evening.
- **Copper River Basin** – Snow expected with 2-4 inches of accumulation with heaviest amounts in Glennallen.

For more information and the most current weather, go to: <http://www.weather.gov/arh>.

Avalanche Forecast:

A current avalanche forecast has not been issued for the following areas: Valdez, Haines, Cordova area, Turnagain Pass or Hatcher Pass.

Check the Avalanche Forecast Center closest to your area for the most up to date information on avalanche potential. <https://alaskasnow.org> or <https://www.weather.gov/afc/avalancheweather>

The Next Situation Report: will be **01 June 2023**. A significant change in the situation or the threat level will prompt an interim report. This report is posted on the internet at <https://ready.alaska.gov/sitrep>.
