It's Time To Make A Pet Plan

Our animals are our family. Prepare them now, before a disaster threatens your area. Just as humans prepare, it's important to have household pets ready. Create your pet plan today.

Disaster Preparedness Checklist for Pets

Preparing animals requires an extra level of planning, preparedness and practice. Go to ready.alaska.gov for tips on putting your pet kit together.

Solutions for your pets needs

Prepare: *Stay put or get away?* You should understand and plan for both possibilities. Just as you do with your family's emergency supply kit, think first about the basics for survival, particularly food and water.

Plan: Plan how you will assemble your pets and anticipate where you will go.

Stay Informed: Make sure to have multiple ways to receive a warning should one be issued.
