Incident Overview

State Emergency Operations Center (SEOC) Activated to Level 2

Riverwatch 2018 began on 4/30/2018 with the SEOC standing up to a Level 2 Preparedness Level.

Upper Yukon Division:

Daily flights monitoring river ice status between Circle and Fort Yukon. Ice run is estimated at 50 miles long and expected to move through Circle this evening.

Fairbanks Division:

A Fairbanks Division opened today to monitor the status of the Chena Flood Control Project for the next few days. This Division is staffed in the SEOC.

LOCAL INFORMATION

Community Name	EOC Activated	Borough or Local Declaration	Shelter Open	Structures Damaged	CIKR Status	Resource Requested
Totals						
	No Info		Good		Minor Damage	
Significant Factors / Events/Comments						
Eagle	Upper Yukon team established communication with the residents of the houseboat on the Yukon River on their return flight to Circle. The houseboat and occupants were made aware of the impending ice flow heading downstream and it is confirmed they have communication to include a satellite phone. Alaska State Troopers Search and Rescue sent a helicopter and made contact with the occupants who denied evacuation stating they were fully prepared.
