**Significant Issues:**

**Major Coastal Sea Storms**

Overall incident operations for the 2022 September West Coast Storm (DR-4672) disaster have transitioned from response in the SEOC, to recovery coordinated through the State/FEMA Joint Field Office (JFO). Mass care operations will continue to be coordinated through the SEOC through November 11th and then transition to the JFO for long-term and occasional Mass Care support for feeding and interim housing identification.

**FEMA ICS 209 10/26/2022 is attached.**

**2022 October Chukchi Sea Storm**

The Northwest Arctic Borough has confirmed no disaster level damages from this storm. SEOC has remained in frequent contact with the North Slope Borough as they assess their storm damages. The Borough will decide by Friday (Oct 28) if their storm damages warrant a request for state assistance.

**State of Alaska Department of Health (DOH)**

The DOH is leading the State of Alaska COVID-19 Recovery, supported by the SEOC and other state departments as required.
