State of Alaska (SOA)

Type 3 Position Task Book (PTB)

State of Alaska (SOA) Type 3 Position Task Books (PTBs) have been created for designated National Incident Management System (NIMS) positions. Each PTB lists the competencies, tasks, and behaviors required to be successful in a specific position. Trainees must complete all competencies, tasks, and behaviors and demonstrate acceptable performance during the completion of this PTB.

Evaluator(s) will complete an Evaluation Record documenting the trainee's progress after each evaluation opportunity. Trainees will be observed and evaluated by qualified evaluators during a qualifying event and their performance will be documented in the PTB for each task by entering the Evaluation Record number, date of completion, and the evaluator's initials. Evaluation and confirmation of the trainee's performance on all tasks may require more than one <u>qualifying event</u> and may involve more than one evaluator during each opportunity.

After the trainee has met all the requirements in the State of Alaska (SOA) Type 3 Position Task Book (PTB), the home Agency will complete the final agency certification verifying the trainee is qualified in the position and will submit the Agency-certified PTB to the Alaska Interstate Mutual Aid Committee/ Credentialing Subcommittee for approval and issuance of an SOA Type 3 All Hazards Credential.

Position Task Book Timeline

- 1. Emergency management experience must include a minimum of three (3) events.
 - Emergency management events may include one (1) tabletop exercise and at least two (2) emergency management events.
 - Additional events may be required to complete the qualification process.
- 2. The three (3) emergency management events must occur within a five (5) year period.
- 3. All qualifying events must be completed within a five (5) year period with no more than three (3) years between each event.

 - Enter N/A, date and initials, if the task was not performed by the trainee.
- 5. Conduct the PTB review meeting in a private setting.
 - Begin by asking the individual to comment on his or her performance, including strengths, areas needing improvement, and any thoughts for training.
 - Provide a summary of the trainee's overall performance demonstrated during the assigned event.
 - Review the completed assessment with the trainee.
 - Return the PTB and Evaluation Record to the trainee, so they can return it his/her home agency.
