THREAT LEVEL CHANGES:

None

Significant Issues:

Tuluksak Water System Fire:

The SEOC will be deploying an Emergency Management Specialist to support the response and recovery efforts that are underway for the community. SEOC is in regular contact with community leadership to address any immediate needs.

Selawik Power Outage:

AVEC has restored power to most of the community of Selawik; however, the school and water treatment plant remain on generator power. The school is still without water and sewer service. Several regional organizations continue to assist the community. The SEOC will remain in contact with the community to identify any needs for assistance.

Unalakleet Water Issues

Yesterday, DEC informed the SEOC that there was a water and sanitation issue in Unalakleet due to frozen pipelines. Additionally, they have leaks in one of the main water distribution loops. A teleconference with DEC and the community was held to discuss the situation. The SEOC will remain in contact with the community to identify any needs for assistance.

Kake Water Issues

Late yesterday, the Organized Village of Kake reported that they are in need of potable water. The SEOC will contact the community to determine what assistance can be provided.

Coronavirus (COVID-19) Pandemic:

A unified command has been established at the SEOC. The SEOC continues to support statewide response to COVID-19.

State of Alaska Department of Health and Social Services (DHSS)
