

Please support our local InfraGard Chapter.

On the 20th Anniversary of InfraGard, the Alaska Infragard Chapter is bringing in a special speaker to help raise funds for our chapter. Retired FBI Special Agent Greg Coleman will provide you with first hand details of the investigation and the story of how he investigated one of the FBI's most famous cases dubbed "The Wolf of Wall Street".

The presentation will be held at the Bear Tooth Theater, Aug, 11, 2016, from 11 to 1 p.m. Tickets are \$25 and may be purchased via PayPal from our chapter website at [Infragard-alaska\[dot\]com](http://infragard-alaska.com).

If you intend on ordering food, please arrive at least 15 minutes prior to the event.

The event is open to the public (no InfraGard membership required), so please disseminate to friends and co-workers if possible.

Seating is limited so please secure your tickets sooner rather than later.
