

TRAINING REQUEST

Within every jurisdiction, there exists opportunities for improvement in issues of public safety and support. Regular training in these areas improves both survivability and management of crises. To this end, the Alaska Department of Homeland Security and Emergency Management manages training grants and monies to ensure the highest quality and quantity of training opportunities for all cities and jurisdictions. Please complete the following form and submit no later than 30 November for consideration in next year's budget. Where possible, training may require multiple exercises to overlap. This achieves both real-world realism and maximum budget use.

Community or Jurisdiction: _____
