Incident Objectives

Objectives

Ensure the safety and security of responders as well as maximize the protection of public health and welfare.

Prevent the spread of COVID-19 in Alaska by implementing statewide containment and community mitigation strategies.

Support local emergency response operations through the coordination of information, situational reporting and resource requests.

Support the Alaska Department of Health and Social Services in implementation of the Alaska Pandemic Influenza Plan, Alaska Medical Countermeasures Management Plan, and Alaska Mass Fatality Plan.

Keep the public, stakeholders and the media informed of operational activities and address rumors or incorrect information in a timely manner.

Incident Objectives (cont.)

Objectives

Establish a tiered healthcare system to respond to COVID-19 to include the establishment of alternate care sites.

Deploy COVID-19 specimen collection centers and point of care testing sites statewide.

Distribute State of Alaska Crisis Standards of Care, and prepare to implement standards at the direction of the Chief Medical Officer.

Implement the Governor's health mandates.

Plan for the safe and effective recovery effort and the return to normal operations.

Make preparations to engage in Riverwatch, flood, and wildfire response operations, as well as establish an operational organization to support future plans and future operations.

Community Safety, *cont.*

International & Interstate Travel:

Health Mandate 010 (3/23) orders a mandatory 14-day self-quarantine for both international & interstate travelers (resident or non-resident) traveling to Alaska; failure to follow this order is punishable by law.

United States and Canada are temporarily restricting all non-essential travel across the ALCAN border. “Non-essential” travel includes travel that is considered tourism or recreational in nature.

Intrastate Travel:

Health Mandate 012 (3/28) suspends all in-state travel unless necessary to support identified critical infrastructure or for identified critical personal needs. A number of communities have enacted additional screening requirements in addition to those outlined in the Governor’s Health Mandates. This mandate remains in effect until at least April 21, 2020.

Patient Movement

Emergency Medical Flight Services:

Air Operations Branch is developing agreements for temporary helicopter pad use at alternate care sites to facilitate the transportation of COVID-19 patients.

Local health providers are experiencing disruptions to routine patient movement as a result of air carrier instability.

Medical Supply Chain

Blood Bank:

Blood Bank of Alaska has reported blood shortages due to the coronavirus outbreak. They are continuing to solicit for healthy donors.

Distribution:

Efforts continue to source sufficient personal protective equipment and materials such as ventilators for hospitals statewide. Alaska has received 2 shipments from the DHHS Strategic National Stockpile to date.
