State of Alaska (SOA)

Type 3 Position Task Book (PTB)

State of Alaska (SOA) Type 3 Position Task Books (PTBs) have been created for designated National Incident Management System (NIMS) positions. Each PTB lists the competencies, tasks, and behaviors required to be successful in a specific position. Trainees must complete all competencies, tasks, and behaviors and demonstrate acceptable performance during the completion of this PTB.

Evaluator(s) will complete an Evaluation Record documenting the trainee’s progress after each evaluation opportunity. Trainees will be observed and evaluated by qualified evaluators during a qualifying event and their performance will be documented in the PTB for each task by entering the Evaluation Record number, date of completion, and the evaluator’s initials. Evaluation and confirmation of the trainee’s performance on all tasks may require more than one qualifying event and may involve more than one evaluator during each opportunity.

After the trainee has met all the requirements in the State of Alaska (SOA) Type 3 Position Task Book (PTB), the Authority Having Jurisdiction (AHJ) will complete the final agency certification verifying the trainee is qualified in the position and will submit the PTB to the DHS&EM Training Section for approval by the Alaska Interstate Mutual Aid Committee/Credentialing Subcommittee and issuance of an SOA Type 3 All-Hazards Credentialing Blue Card.

Position Task Book Timeline

1. Emergency management experience must include a minimum of three (3) events.
   • Emergency management events may include one (1) tabletop exercise and at least two (2) emergency management events.
   • Additional events may be required to complete the qualification process.
2. The three (3) emergency management events must occur within a five (5) year period.
3. All qualifying events must be completed within a five (5) year period with no more than three (3) years between each event.

Training Specialist/Certifying Official Responsibilities

1. Be authorized by the AHJ.
2. Maintain PTBs and training records for agency staff.
3. Initiate or issue PTBs and blank Evaluation Records to trainees when they are deployed on a Type 3 assignment.
4. Meet with the Evaluator and Trainee to discuss training and experience needs.
5. As the Trainee completes required training, enter the information into the Required Training section on page 2 of the PTB.
6. Once a Trainee completes all the requirements of a Position Task Book (PTB) and is approved by the AHJ, submit a Nomination Package to the DHS&EM for processing, which includes fully completed:
   - PTB and associated Evaluation Records
   - “Agency Certification” (last page of PTB)
   - State of Alaska Type 3 Nomination Application
7. Provide a report to the DHS&EM Training Section once a year showing how individuals maintained their currency for All-Hazards credentialing (see page 16 of the All Hazard Qualification Guide).

Trainee Responsibilities

1. Review and understand the assigned PTB.
2. Share training and experience with the Evaluator and Training Specialist.
3. After each assignment, meet with the evaluator to review and discuss overall performance and the continued expectations to successfully perform all competencies, tasks, and behaviors for the assigned position.
4. Return the PTB and Evaluation Record to your home agency.
5. Understand that PTBs do NOT replace the standard performance appraisal process by your home agency.
6. Coordinate with the AHJ to find opportunities to maintain currency once Type 3 All-Hazards credentialing has been obtained.

Evaluator Responsibilities

1. Be qualified in the position for which they are evaluating a trainee.
2. Review the competencies, tasks, and behaviors listed in the PTB, so you know what to observe while the trainee performs his/her duties.
3. Fully complete an Evaluation Record form for each qualifying event the trainee has participated.
   - The evaluation records should be numbered sequentially.
   - The evaluator must sign and date the Evaluation Record form, which validates the trainee’s experience.
4. For the current Type 3 qualifying event:
   - Enter the evaluation record number, date, and initials into the PTB, if the trainee performed the task.
   OR
   - Enter N/A, date and initials, if the task was not performed by the trainee.
5. Conduct the PTB review meeting in a private setting.
   - Begin by asking the individual to comment on his or her performance, including strengths, areas needing improvement, and any thoughts for training.
   - Provide a summary of the trainee’s overall performance demonstrated during the assigned event.
   - Review the completed assessment with the trainee.
   - Return the PTB and Evaluation Record to the trainee, so they can return it his/her home agency.
6. Once a trainee completes all the requirements of the PTB, review the evaluation records and PTB entries to ensure they are completed correctly.
   - On the trainee’s final assignment, complete the Final Evaluator’s Verification section and submit the completed PTB to the AHJ Training Specialist recommending Type 3 All-Hazards Credentialing.

Evaluator’s Recommendation (initial only one line as appropriate):

_____ 1) Tasks initialed and dated by me on the Qualification Record have been performed under my supervision in a satisfactory manner. The trainee has successfully performed all tasks in the PTB for the position. I have completed the Final Evaluator’s Verification section and recommend the trainee be considered for agency certification.

_____ 2) Tasks initialed and dated by me on the Qualification Record have been performed under my supervision in a satisfactory manner; however, opportunities were not available for all tasks (or all uncompleted tasks) to be performed and evaluated on this assignment. An additional assignment is needed to complete the evaluation.

_____ 3) Trainee did not complete certain tasks in the PTB in a satisfactory manner and additional training, guidance, or experience is recommended.

_____ 4) Trainee is severely deficient in the performance of tasks in the PTB for the position and additional training, guidance, or experience is recommended prior to another training assignment.

Record additional remarks/recommendations on an Individual Performance Evaluation or attach an additional page to this evaluation record.
