

**APPENDIX D**  
**State of Alaska Emergency Alert System**  
**Monitoring Assignments**

Table D-1 describes the monitoring assignments for stations in each operational area. For each area we have listed the Local Primary (LP-1) station with their monitoring assignments. All other stations in that operational area must monitor the LP-1 and at least one other assignment from the list of choices.

The broadcast stations and cable systems listed below have been granted an exception to the required monitoring assignments.

**KEUL 88.9 FM, Girdwood, Alaska.** KEUL will monitor a KSKA (91.1 FM) translator. Due to geographic considerations, they are not able to monitor their LP-1 station (KFQD).

**KWVV-FM 103.5FM, Homer, Alaska.** KWVV-FM will monitor KBBI (890AM). Due to geographic considerations, they are not able to monitor their LP-1 station (KSRM). KBBI is monitoring the LP-1 via a T-1 circuit.
