Alaska: Ready Together
Preparing for Emergencies & Disasters
Preparing a Pet Emergency Plan

Plan before it's too late!
Step for Preparedness

- Prepare - Build a pet emergency supply kit
- Plan - How to take care of your pets in an emergency
- Stay Informed - Know about types of emergencies in your community and how to stay informed of changing conditions.
Building Your Pet Emergency Supply Kits

What's in your PET PREPAREDNESS KIT?
Pet Emergency Checklist

- Always have a collar with ID, license, and shot records
- Store current shot and health records in a waterproof container, such as a freezer bag
- Food and water bowls with enough food and water for seven days. Remember: keep the food and water in a watertight container
- Plastic bags to dispose of pet droppings and other waste
- Current photo of your pet
- Microchipping information
Pet Emergency Checklist

- Leash
- Toys
- Medications
- First Aid kit
- Grooming supplies
- Paper towels/wet wipes
- Cat litter and litter box
- Pet carrier with plenty of bedding
- Manual can opener for canned food
