(Significant changes from previous situation reports are in red.)

**THREAT LEVEL CHANGES:** NONE

**DHS&EM OPERATIONS**

**Cook Inlet M7.1 Earthquake (FEMA Declaration DR-4413)**

DHS&EM, FEMA, and other federal agencies are managing the recovery efforts associated with the Cook Inlet M7.1 earthquake at the Joint Field Office (JFO) in Anchorage.

**Swan Lake Wildfire**

Currently, the Swan Lake Wildfire is being managed locally by a Unified Command and the Kenai Peninsula Borough has not requested any support from the State. DHS&EM has reached out to the Alaska Partnership for Infrastructure Protection (APIP) to assess the impacts and potential needs of commercial, non-profit, and utility providers due to the fire’s likely progress. The SEOC will continue to monitor the wildfire situation state-wide. One impact is that smoke from the wildfire continues to degrade the air quality in Southcentral AK. The Alaska Interagency Coordination Center reports the Swan Lake Fire has burnt 40,383.0 acres so far.

**Significant Weather**
Flood Advisory for Snowmelt in the Yentna River at Lake Creek until 1030 AM AKDT Wednesday.

For the most current weather Watches / Warnings / Advisories go to: http://www.weather.gov/arh/

2019 Fire Season

The Alaska Interagency Coordination Center, (AICC) is at Preparedness Level 4.

Wildland fire totals for 2019:
- Total Fires = 330
- Total Acres = 247,192.3

There are currently 140 active fires with 16 fires currently staffed.

Current fire information is at http://fire.ak.blm.gov or https://akfireinfo.com/

Air Quality Index (AQI) Advisories

Active advisories/episodes are in effect for Central and Eastern Interior, Southcentral.
