DHS&EM has initialized contact efforts and processed requests for Public Assistance to jurisdictions, government and nongovernmental agencies.
208 agencies requiring contact; 136 contacted; 96 projected
Requests for Public Assistance (RPA); 64 RPA's submitted to FEMA data management system.

**Economic Protective Plan Reviews:**
DHS&EM has conducted the following reviews to date; 1,917 plans received, 286 RFI, 53 plans reviewed, 13 responses sent, 126 messages to be addressed
### Lifeline Status

#### Safety and Security

**Schools:**
The State of Alaska (SOA) Health Mandate 013 suspended K-12 public and private schools for the remainder of the 2019-2020 school year. Distance learning will continue in accordance with each school district’s plan.

**Social Distancing and Enforced Closure of Public Spaces:**
SOA Health Mandate 011 mandates all individuals cease gatherings with non-family members regardless of number of people present. The order additionally required all non-governmental and non-critical infrastructure businesses to close, effective 5:00 p.m. on March 28. This mandate remains in effect until April 21, 2020.

DCCED e-mail address to be used to report suspected violations of the health mandates, including quarantine: investigations@alaska.gov.

Governor Dunleavy announced the suspension of certain regulations and statutes to provide relief to individuals and businesses impacted by COVID-19.

**International & Interstate Travel:**
SOA Health Mandate 010 orders a mandatory 14-day self-quarantine for both international & interstate travelers (resident or non-resident) traveling to Alaska; failure to follow this order is punishable by the law.

Health Mandate 10, Attachment A was updated on April 10, 2020. The update revised and expanded the list of critical industry, highlighting the fishing industry.
United States and Canada are temporarily restricting all non-essential travel across the ALCAN border. “Non-essential” travel includes travel that is considered tourism or recreational in nature.

**Intrastate Travel:**
SOA Health Mandate 012 suspends all in-state travel unless necessary to support identified critical infrastructure or for identified critical personal needs. This mandate remains in effect until April 21, 2020.

Health Mandate 12, Attachment B updated on April 9, 2020, listed additional classes of traveler that are exempt from small community restrictions while expanding recommendations for communities to protect their populations from COVID-19.

---

### Food, Water, Shelter

#### Food Bank:
Food banks are experiencing higher than normal traffic, compounded by a reduced volunteer staff due to the COVID health mandates. Representatives express an estimated six-week food supply on hand and their supply chain remains intact.

#### Quarantine and Isolation:
Health Mandate 014 directed non-congregate sheltering to be implemented to better protect at-risk populations.

The State of Alaska is prepared to implement a temporary quarantine and isolation program utilizing non-congregate shelter solutions including hotels, college and university dormitories, and properly modified non-traditional structures to house three specific populations:

1. First responders and healthcare workers who need to quarantine safely without exposing their families.
2. Homeless families, with at least one member who tested positive for COVID-19, who live in congregate shelters and will require isolation.
3. Homeless individuals who require quarantine or isolation.
