Significant Weather:
A Flood Advisory remains in effect through this evening for the Kennicott River near McCarthy. The Hidden Lake dam has begun to release and will cause a significant rise in the river. Water levels are expected to rise 2 to 5 feet over the next 24 to 48hrs. The Chitina and Copper Rivers will experience moderate rises in water levels as the glacier dammed outburst continues downstream.

For more information and the most current weather, Watches / Warnings / Advisories go to: http://www.weather.gov/arh
