(Significant changes from previous situation reports are in red.)

**Significant Issues:**

**December 2021 Interior Severe Winter Storm:**

Yesterday, President Biden approved a Major Disaster Declaration for Public Assistance for the severe winter storm and straight-line winds that impacted Interior Alaska during late December 2021.

**Threat Level Changes:**

None.

**State of Alaska Department of Health and Social Services (DHSS)**

DHSS is now leading the State of Alaska COVID-19 Recovery through Department Operations, supported by SEOC and other state departments as required.

For current COVID-19 information, see:
https://covid19.alaska.gov/

**NTAS Bulletin**

Significant Weather:
A Blizzard Warning remains in effect until midnight Saturday for the Central and Eastern Beaufort Sea Coasts.
Winter Storm Watches have been issued for the following areas:

- Eastern Aleutians – Sunday morning through Monday evening. Up to 5 inches of snow.
- Pribilof Islands – Sunday morning through Sunday evening. Up to 2 inches of snow.

A Special Weather Statement has been issued for the Central Interior. Gusty winds are expected through this evening. Blowing and drifting snow is possible across highway summits within the region.

A Special Weather Statement remains in effect for the Western Prince William Sound area. Heavy snow and strong winds are expected to continue along parts of the Seward Highway through tonight. A total of one to two feet of snow accumulation is possible along the Turnagain pass.

For more information and the most current weather, Watches / Warnings / Advisories go to: http://www.weather.gov/arh.

Avalanche Forecast:

An avalanche warning remains in effect for the Western Chugach and Kenai mountains near Girdwood, Portage, Moose Pass, Turnagain pass, Summit Lake, Lost Lake and Seward through Saturday morning.

There are also areas near Cordova, Haines and Valdez with considerable risk.

Check the Avalanche Forecast Center closest to your area for the most up to date information on avalanche potential. https://alaskasnow.org or https://www.weather.gov/afc/avalancheweather

The Next Situation Report: will be 29 March 2022. A significant change in the situation or the threat level will prompt an interim report.
