**Significant Issues:**

Late Friday, the SEOC received an emergency declaration from the City of Skagway. The declaration asks for assistance in collaborating with State and Federal agencies to address and mitigate the risk of future slides as well as to activate response and recover aspects of local or interjurisdictional disaster or emergency plans. Lastly the declaration requests that the Governor declare a disaster emergency to exist and provide all possible disaster assistance to the Municipality of Skagway. They have fully activated their emergency operations plan, and their EOC is working a 24-hour rotational basis.

Another slide occurred over the weekend damaging the shipping container city officials had placed as a tunnel to protect cruise ship passengers since receiving the declaration. SEOC will continue to coordinate and support the the City of Skagway with this developing situation.

**Threat Level Changes:**

None.

**State of Alaska Department of Health (DOH)**

The DOH is leading the State of Alaska COVID-19 Recovery, supported by the SEOC and other state departments as required.
