(Significant changes from previous situation reports are red.)

### **Significant Issues:**

The SEOC Operations Specialist attended an Emergency Operations Center (EOC) meeting in Homer with representatives from the City and Borough to assess storm-related damages and plan for potential resolutions.

The primary damages reported are to DOT/PF roads due to wave impacts. There is little impact to the City of Homer and no damage reported by the Borough as confirmed by the KPB Emergency Manager.

SEOC will work with DOT/PF this week to identify disaster-related damages and assess eligibility for Federal Highway Administration (FHWA) funding and review potential SBA eligibility for businesses impacted along the Homer Spit.
