Significant Issues:

SEOC Preparedness Level increased to level 2 for widespread weather impacting communities across the state.

Significant rainfall has impacted the southern Brooks range from a large weather system. The SEOC is engaged with communities in the impacted areas to assist with any needs that arise from flooding. The villages of Kobuk and Allakaket have reported the greatest impacts. Northwest Arctic Borough and Tanana Chiefs Conference are actively engaged with residents in those communities respectively to ensure safety of life and property.
