(Significant changes from previous situation reports are red.)

Significant Issues:

Aniak School Roof Concern

SEOC received notice that a portion of the high school roof was at risk of imminent failure. Engineers are doing assessments regarding the potential cause. SEOC and partner agencies will provide support as community and school officials determine safety measures and next steps. Students have been moved to another location to continue their educational studies. SEOC will continue to monitor this event.

2025 October West Coast Storm Disaster:

- 68 households/199 individuals transitioned from non-congregate shelters (hotels) to longer-term housing (apartments)
- In Non-Congregate Shelter (hotels) 485
