For more information, go to <https://www.weather.gov/arh>

Avalanche Conditions:

Hatcher Pass – Low below 2500'; Moderate above 2,500'

Chugach State Park – Use conservative travel protocols—move one at a time and watch your partners from safe spots outside of avalanche runout zones.

Turnagain Pass and Girdwood – Moderate above 2500' Low below 2500".

Summit Lake – Considerable above 2500' Moderate 100' – 2500' Low below treeline.

Seward and Lost Lake – Considerable above 2500' Moderate above 1,000' Low below treeline.

Maritime - Considerable at all elevations.

Intermountain - Considerable at all elevations.

Continental – Considerable at all elevations.

Haines – Wind-drifted snow at upper elevations and buried surface hoar continue to pose concerns. Favor low-angle terrain, reduce exposure, and think carefully about the consequences of overhead or connected terrain.

For more information and the most current avalanche conditions, go to <https://alaskasnow.org>

The Next Situation Report will be on **February 10, 2026**. A significant change in situation or threat level will prompt an interim report. This report is posted on the internet at <https://ready.alaska.gov/sitrep>.
