<u>SEOC Preparedness Level</u> Level 1-Routine Operations	http://ready.alaska.gov	<u>Alaska Military Installation Force Protection Level:</u> FPCON Bravo
<u>NTAS Bulletin</u> There are no current advisories https://www.dhs.gov/national- terrorism-advisory-system	<u>Maritime Security (MARSEC)</u> Level:1 Minimum Appropriate Security Measures	

(Significant changes from previous situation reports are red.)

Significant Issues:

Toksook Bay – Low Water Levels

The community of Toksook Bay reported to the SEOC that the water storage tanks were reaching critical low levels due to equipment failure. Parts are on order and are expected to arrive and be installed in the next several weeks. SEOC is looking at options to supplement the water until the water tanks are up to full capacity.

Selawik – Power Outage

The main plant now has water circulating through the four lines with varying vacuums. The island plant's two lines are still frozen. Focus is on thawing the remaining lines. SEOC continues to monitor this event.

Denali Borough – Heavy Snow Load Impact

SEOC continues to monitor this event and provide Mass Care support.

Cold Bay – Power Issues

The replacement transformer to restore power distribution to the City of Cold Bay is being transferred from Anchorage to the community today. Once the unit is prepped and installed, power is anticipated to be functional by Wednesday.

2025 October West Coast Storm Disaster:

- 121 households/395 individuals transitioned from non-congregate shelters (hotels) to longer-term housing (apartments)
- In Non-Congregate Shelter (hotels) Individuals: 245 Households: 46
